PROFESSIONAL EXPERIENCE

Full Stack Web Developer

Masai School

07/2022 – present
Bengaluru, India

- Spearheaded the development of websites for Masai School, optimizing the learning interface.
- Translated intricate project requirements into efficient, scalable code.
- Exhibited versatility with diverse technologies, delivering impactful projects.
- Collaborated seamlessly with cross-functional teams, ensuring project adherence to timelines.

PROJECTS

Coding Platform

07/2022 – 03/2023

- Developed a coding assessment platform for 7000+ students.
- Implemented an Admin Panel to track performance and ranking for each assessment.
- Automated solution evaluation, providing feedback on errors and scoring for student submissions.

Masai Course

04/2023 – 08/2023

- Leading project with set up AWS infrastructure for deployment, implemented robust authentication system, and role-based access for a Learning Management System (LMS) with 20,000 users.
- Developed an end-to-end platform for Masai students, featuring lectures, assignments, and quizzes.
- Integrated GPT for transcripts and quizzes, enabling users to practice questions, and introduced a discussion feature for instructor-student collaboration.

Resume Builder

09/2023 – present

- Lead the project and established AWS infrastructure for "Resume Builder."
- Developed a user-friendly platform where GPT automates resume generation based on profile details and desired roles.
